

As we look forward to looking back over the past school year, we have made many achievements and positive steps, both in the academic setting and on the athletic fields and courts. We hope that the 2000 Aerie staff has been able to capture most of those momentous occasions here in this year's memory book. As your school years pass quickly by, take the time to open your yearbook to reflect upon the good times and memories of your 1999-2000 year as a part of the RWA family. We are always "Looking Forward to Looking Back ..."

... to wild and crazy times having good clean fun and being able to laugh at yourself, too.

... to the good friendships formed in this small setting, making "goodbyes" difficult.

... to making students and teachers happy by calling off school due to the heavy snowfall.

... to giving one another a big congratulatory hug for conquering and earning the top prize.

... to the climax of your high school year and officially becoming an alumnus.
