#### TEMPTING TREATS

Trying to decide on what to eat during the upper school's Christmas party, Mrs. Tant may be wondering why the cafeteria does not serve this kind of stuff. She had no problem pushing her usual bagged lunch to the side for some yummy cupcakes.

#### WHO'S IN THE KITCHEN?

Dietician Mrs. Cheri Burroughs and volunteer Mrs. Alice Zinzer are suited up and ready to get lunch rolling. These ladies, along with Mrs. Miller, can most likely be found in the kitchen, the cafeteria, or in between the two.

#### ROYAL FLUSH

Mrs. Hazen experiences her first flush of cold water in the modified version of the dunking booth at the Harvest Festival. Students found this to be a good way to help their teachers "cool off" after a hard week of school.
