

#### MAY I HAVE THIS DANCE?

Brad Good does his part to quickly pass the hoola hoop to Ry during a team dynamic session. The three days spent on this adventure proved to be great learning experiences.

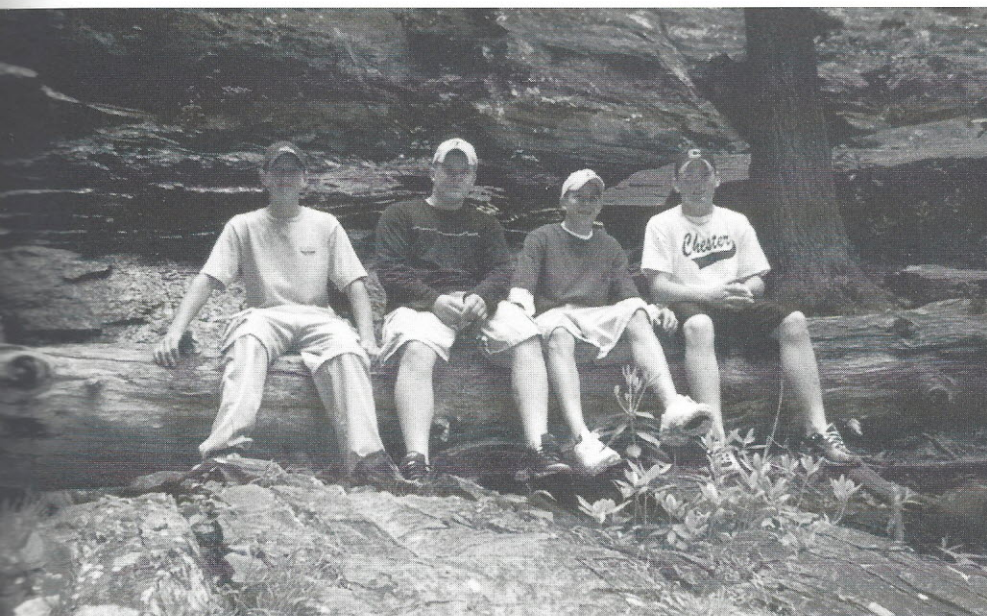

#### CIRCLE UP

The eighth graders get back to nature as they each perch atop a piece of wood and listen to what the guide has to tell them. Many interesting lessons were learned while on this camping trip.

#### IT'S SINK OR SWIM

Eager beavers learn safety rules before boarding their canoe. The group played "canoe tag" with a soccer ball which proved to be both fun and exhausting.

#### MAGIC CARPET RIDE

These eighth graders are attempting to pick up the carpet while standing on it. Many of the tasks that they were given forced them to work together and think of solutions and outcome.

#### JUST PALS

Brad, Will, Ry, and Wade take a rest after an 800 foot hike to Rainbow Falls. The camping adventure was both tiresome and awesome at the same time.
