

MUSIC MELODIES

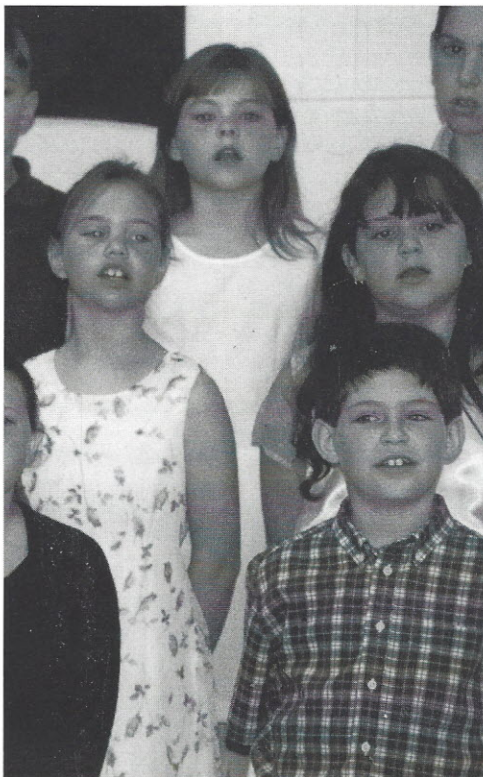

ALL GOD'S CREATURES

On stage in front of a live audience, the first graders put on a memorable performance. Learning the various speaking parts and songs, not to mention getting to dress in costumes, made this an exciting event.

WE ARE GOOD SANDLAPPERS!

The third grade classes join in the beat as they clap out some of the music rather than sing the words. The students were honored to have Mrs. Nelle Sprott, composer of the SC music, present in the audience for their performance.

CAROLINA SUNSHINE

These third graders are proud to sing of their love of South Carolina. After completing their study of SC, they got the opportunity to show what they learned through their music and by compiling state scrapbooks.

SOMEWHERE OVER THE RAINBOW

Dorothy, alias Candace Walters, displays her singing ability in the fourth grade program. The fourth graders put on an exciting show with songs from many popular hit movies.

KINDERGARTEN KIDS

To close out the school year, the kindergarten class comes together for some music and certificate presentations. Many parents and grandparents were on the scene to be a part of this memorable event in their children's young lives.
