

Class of 2011

FARMER DAY...

Savannah Medlin and Jessica Yongue are all smiles as they show their school spirit on Farmer Day. With the help of their classmates, they dug up the remains of last year's crops to prepare the soil for new plantings.

ARBOR DAY...

Mrs. Brown's third grade class helps to plant Leland Cypress trees for Arbor Day near the football concession stand. Over the years local garden clubs have donated different types of trees to help provide beauty to our school grounds.
