

# GOLF

## ON TARGET

Sixth grader Gen Palmer picks up his putter after some practice on the putting green prior to a home match. In spite of the youth and lack of experience on the RWA team, they represented our school well.

## SINK IT

Brandon Truesdale, a sixth grader, lines up and strokes his putt on the ninth hole in hopes of a birdie. Brandon gained valuable experience as a first year golf team member.

## SWING IT, MARY GRAY!

Sophomore Mary Gray Bunting is totally focused on driving the ball straight down the number one fairway. Like brother Mikey, Mary Gray put in extra time on the golf course getting help with her game from both her uncle and grandfather.

## PRACTICE MAKES PERFECT

Tenth graders Christa Branham and Caroline Ogburn practice their putting strokes on the putting green before a match. Teammates Mary and Andrea observed and offered helpful advice.
