

### THE THREE AMIGOSI

Hunter Sanders, Emily Locklair, and Rebekah Phillips proudly display their winning ribbons. Without a doubt, the second graders had a great time at Field Day.

### RUN, KAYLA, RUN!

Fourth grader Kayla Branham scurries to get the relay baton back to her teammate Caroline Bryson. Win or lose, they all enjoyed the day of outdoor competition away from the books and classrooms.

### LEADIN' THE PACK

Sixth grader Raymond Matthews nudges ahead of a classmate as he leaps over the last hurdle and heads to the finish line. This event gave these very competitive students a chance to display their athleticism.

### ONLY THE STRONG SURVIVE...

These kindergarten students, along with some older elementary students, experience teamwork as they attempt to pull the other team across the line first. It was truly a hard-fought and challenging battle of brute strength.

### FOUR LEGS ARE BETTER THAN TWO!

Sixth graders Courtney Sink and Meagan Roberts work together to win the 3 legged race. This Field Day was the first in several years.
