IN HONOR OF...

Sr. Beta Club President Mac Caldwell leads students, friends, and family as they honor military veterans during the new flag ceremony. Thanks to the senior Betas sponsoring the Flag Pole Renovation Project, we honored nearly sixty veterans.

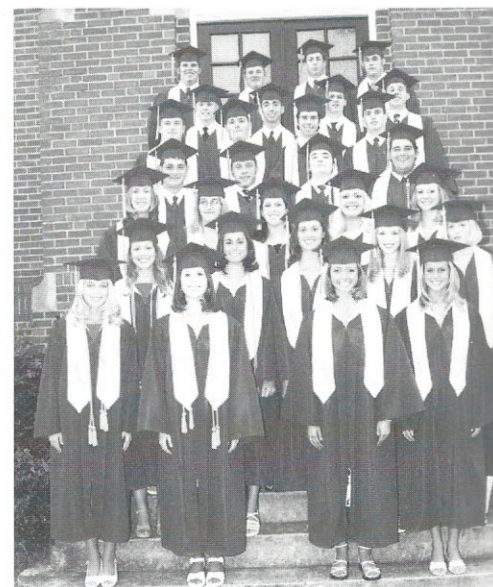

"HOW TO EAT FRIED WORMS"

Junior Smith Harden shows his daring dedication as he eats a worm during the campaign assembly. Many students gave good speeches, but we can all agree that Smith's actions were the highlight of all the campaign speeches

WORLD HELP

Mrs. Nicholson's fine arts class takes time to display pictures of the world events after the September 11 terrorist attacks. Thanks to this class, the rest of the school became more aware of how others around the world sympathized with the United States.

A LASTING MEMORY

The senior class of 2002 stands together for one of the last times before Baccalaureate. It took lots of hard work to keep this tradition going, but thanks to Mrs. Nicholson and the many musically gifted students, it was an event the seniors are not likely to forget.
