Brittany Yongue

Leaders of the Pack: Katie and Courtlin and their fellow classmates head steadily down the hall to lunch. These second graders worked very hard and often needed this time to slow down their fast pace.

PlayTime: Reid and Courtlin enjoy swinging on the swings during recess. Recess gave all of the students time to hang out with their best buds and to make lifetime friendships.

Girl Talk: Katharine, Alison, and Katie take time off from their girl talk to pause for a Kodak moment. After hard work in the classroom, they always deserved a break to enjoy the nice weather outside.

Look Here: Jarrett, Cory, and Taylor all pay close attention to Mrs. Rowe while she explains how to make snowmen. Art instruction showed the students how to make many different things and allowed them to be creative.

Makin' Time To Chat: Ms. Reid takes time out of her busy schedule to stop and chat with these boys. Logan and Reid enjoyed sharing stories with each other and with Ms. Reid.
