Day Care Supervisor

**Mrs. Patti Edwards**  
High School Math Instructor

**Does She or Doesn't She?:** The blue-tinted wig suits RWA's Head of School Beth Reid. Unfortunately the student-parent body didn't come through with their 100% PTO membership to force her to dye her real hair.

**How to Eat a Worm:** George Taylor, our resident gourmet, will go to any lengths to inspire the RWA student body. The sour gummy worms were much more delectable than the real wiggly ones would have been.

**What Are They up to Now?:** The multi-talented Mrs. Arnette and Mrs. Young never hesitate to don their reading glasses and fix whatever needs "fixin'". From bookkeeping to bandaging scrapes and hurts, they had a hand in it all.

**Shiver Me Timbers!:** Michelle Brown looks like she's ready to make somebody walk the plank! A first year teacher, Ms. Brown, fit in well by taking part in Spirit Week's Hat Day.

**Tickling the Ivories:** Assisted by Ashley Mills, Mrs. Allen fills in as pianist for the Miss RWA Pageant. From anatomy to music, she was always willing to share her knowledge and talents.
