

Juniors - Class of 2005

REELING IN FUN

Juniors Andrew Kinard and Katie Robinson have a fun time dancing with other RWA students. This square dance turned out to be a great success for the junior class.

HARD HEADED

Will Coleman wears a unique dirt bike helmet on Hat Day. The juniors showed much spirit and were awarded Most Spirited Class for their outside display.

RINGING IN THE YEAR

Juniors placed their rings on their fingers during the Ring Ceremony as a tradition of RWA. This event is one of the many highlights during their high school years.

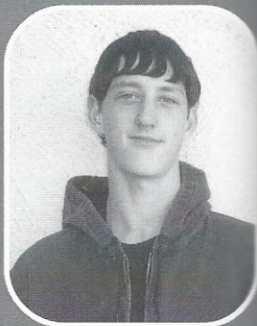

What is the best feeling in the world?

... "knowing that you are different while everyone else is the same."

... "helping someone else. It feels good when you help someone even if you don't have to."

... "to have a dream and actually see it happen one piece at a time."
