

Yee Haw, Y'all!

PROMENADE...

Students get a chance to dance with people other than their original partners. Upperclassmen aided Mrs. Nick in teaching the younger children the various square dance calls and moves.

ALL SMILES

Grace Wilkins' and her dad are all smiles as they enjoy the Square Dance fun. This was a night for parents and children to enjoy each other and relieve any stresses.

SSSSSS...

The snake is always a favorite during the Square Dance. One person led everyone around in a curvy path and tried to get out of the confusion without everyone bumping into each other.

TILT-A-WHIRL

Upper school students twist and twirl with their partners before proceeding to the next phase of the dance. Fun was had by all as evidenced by the large number of participants.

WORK WITH ME NOW

Juniors Brice Porter and Paul Caldwell make a bridge for the younger kids. The Junior class worked very hard to produce a successful class fund raising event.
