## Hello William

The other half of the  
"Young Gunz"  
"The Poem"

We started out as friends, them became brothers.  
Although at birth we had 2 different ~~mothers~~.  
~~remember~~ the time we shot the cow.  
I bet the only thing on his mind was, ew.  
All the fishin has been fun.  
Especially when we had to run.  
Remember the time I shot the deer  
When we hugged I felt a little queer.  
On the football field I never thought ya  
Don't know what I do without ya  
All the times wouldn't change a thing.  
If I got one I'd let you turn my class ring.  
Going to McDonalds after school.  
Your wrapper blowing out the window was pretty cool.  
Your CD player remote going out the window,  
And I had to go get it.

William,  
We've had some good  
times. All the fishing, riding  
around, working in the turkey  
houses. All of its been fun.  
looking forward to next year  
when I write another poem, and  
looking forward to many more  
memories. love you like a  
brother. Never change cause your  
an awesome person. Your Brother,  
- Matt
