## If you could live anywhere else in the world where would it be and why?

"If I could live anywhere else in the world I would live in Australia because my favorite actor lives there and some of my favorite animals." -Austin Costenbader-

"If I could live anywhere else I would live in Texas. Texas is a nice state. It is very warm in Texas. I think it would be fun to raise cattle there. I think I should live in Texas." -Sarah Coleman-

"I would live in Hawaii because the weather is nice and it's always summer. I love the tropical state." -Anna Grey Walters-

"I would like to live in Peake. It is a pretty place and there is a river going through it and I like Peake." -Levi Davis-
