## "Where Did the Time Go?"

Oh my goodness, it's here at last!  
Mercy me, how did the time pass?  
What will we do when you have left?  
Good grief, we will have the house to  
ourselves!

You are ready to go on your way...  
That means we will have no more  
RWA bills to pay!

You might be ready - but so are we!  
We will dance and laugh  
with a heart full of glee!

Now we will have some extra loot...  
although we know you don't give a hoot!  
Onward to Frances Marion,  
we hope you won't play.

Please study hard so hopefully one day  
you will have earned a degree.

Then out in the world  
new adventures you will see.  
At long last all joking aside...  
you are still one of our joys and pride.

We love you a lot.

We will miss you so much.

Please give us a call  
when you get in a crunch.  
We are proud of you as proud can be.  
We will watch you leave  
on your next journey.

So study hard and get that degree!  
Ry, we love you a lot and always will.

You will be in our hearts

forever and a day.  
Love to you always,

Pat, Bones, and Brittany
