

These Eagles Will

Mrs. Phyllis Tant

1945-2005

Dear Richard Winn Family,

I write to you all together as there are so many of you that I can't write individually. This is the hardest letter I have ever had to write.

When I first went to Richard Winn, I was just looking for a job to fill the days after retirement; but I found so much more than I knew I was looking for. I found a family. They opened their arms to me, welcoming me with love and care and compassion, and no reservations.

No one could ask for more. There is so much more I could say, but I don't have the time. Thank you for all the flowers, your prayers, cards, for all the many gifts.

Most of all, thank you for your unquestioning love. I will be with you in spirit always.

Love, Mrs. Tant
