

This volleyball season was a victorious one for the Lady Eagles. Besides having a great win/loss record, these girls came together as a team on and off the court. Hard work and determination were both ingredients for their successful season. The volleyball team passed, set, and spiked their way to the multiple triumphs. Between the long bus rides to away games and the nervous anticipation of their home matches, the girls bonded in an extraordinary way. Their practices were long and hard, but in the end it all paid off because their improved skills were shown on the court. These strenuous practices led to wins, which equaled a much-desired play-off berth for the varsity team. Throughout the season, the Lady Eagles represented Richard Winn in a classy and skillful way.
