

This softball season was a successful one for both of the Lady Eagle teams. Besides having a pretty good win/loss record, these girls came together as a team on and off the field. Hard work, dedication, and determination were three important ingredients for their good season. The softball team hit, fielded, and ran their way to the many big victories. Between the long bus rides to away games and the nervous anticipation of their home games, the girls learned a great deal about each other and teamwork. Their practices were long and hard, but in the end it all paid off because they all showed much improvement throughout the year and jelled in the end. These hard practices led to wins, which equaled a much-deserved playoff berth for the varsity team. Throughout the season, the Lady Eagles represented Richard Winn in an awesome way.
