# he said she said

What is one thing  
scientists should invent?

**Lindsay Timms**

"Food in a capsule you  
just put in the microwave  
add a little bit of water &  
you have a full meal."

**Kyle Dellsandro**

"A thing that can  
translate what dogs  
say."

**James Jackson**

"A cure for obesity"

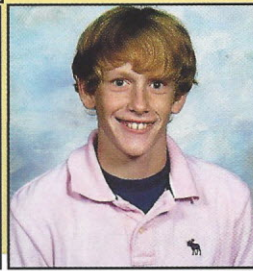

**Kayla Branham**

"A hotel in space or a hotel  
underwater"
