

Suzette,

Memories came flooding back to us as we looked back over the years. It seems like yesterday that we held you for the first time and fell in love with you. You are a blessing that we're forever thankful for and we want you to know that being your parents has been one of our greatest joys. Today with mixed emotions, we want to hold on to you and at the same time watch you spread your wings and soar. It is so easy to remember your very first steps and how we held out our hands for you to hold. As each year passes, you take more steps, and some of these will eventually lead you away from us. Always remember that our hands and our hearts are forever here for you. We are so proud of you, the dreams you have, and the conviction you have to make those dreams come true. Your future is bright, new, and bursting with possibilities. We pray that the paths you walk and the roads you travel will take you to amazing places. Places where you can see the wonderment and beauty God has planned for you; where you discover the joy and satisfaction of having your dreams come true; and where you come to understand the promise and the potential of all the wonderful qualities inside you. We pray the paths you choose will exceed your greatest expectations and will fulfill your greatest desires. Keep your eyes on Christ and He will direct your paths! It is our hope that God will always find you faithful. Thank you for being the wonderful daughter you are. You are beautiful on the outside, but your inner beauty makes you even prettier! You are a treasure and a true gift from God.

We Love You,
Mom and Dad
