

Rebuilding Is Paying Off

The direction of the varsity eagles has begun to change as they came under new leadership this past season. . The new head coach Ben Porter, was assisted by coaches Sam Copeland, Roe Coleman, and Jason Haltiwanger. Also in the position of assistant coach was Porter's father and former RWA head coach David Porter. The 2008 varsity football team ended the season with a 6-6 record, a great improvement over a 1-9 record last season. This

improvement landed them a spot in the Division A state play-offs, which is also a change from last year's AA classification. The Division A classification evened the playing field as they were matched with teams their own size. More importantly than the size of the team is the hard work they put into developing a more solid program, which is exactly what the team is going to need going into the 2009 season when they will lose twelve seniors.
