

Candace Walters

Candace, It seems like just a couple of years ago, we walked you into Mrs. Hazen's four-year-old kindergarten. Time does fly.... You have done an amazing job of handling situations both big and small. We pray God's continued Hand of guidance will be with you as you continue to build your life and make decisions. Just remember always make Christ the center of your life and everything will always work out. We love you and are very proud of you.

Mom and Dad
