Julie,
You have always been our special little angel, it is just so hard to believe that time has flown by so quickly. You were so tiny and you came early and really fast. I guess you were in a hurry. You have excelled in everything you have done. You have always been the best in everything... sports, academics, and in all our hearts. We know you will always do good but just remember life can be hard to get where you need to be and if something happens that you think is bad or disappointing, just remember that God has a plan for you and that may be His way of saying, "Be patient and I will fix it with something better or more acceptable than what you had." Always remember every day of our lives we will have choices. It starts every morning of your life to make the choice of if you will make this a good day or a bad day, the choice is yours. You are so beautiful and smart and always remember that we love you so much and we are so proud of you and will always be there for you. And Pol Pol says you are spoiled, but that you are his spoiled girl.
