

Faculty and Staff

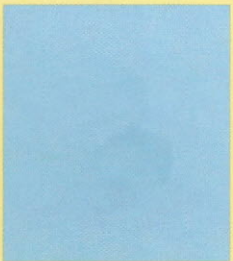

What made you want to become a teacher?

Cm

I came back into teaching in the fall of 2007. I had not been in the classroom for almost 25 years. I knew that I had always enjoyed teaching, but I also had the dream that perhaps this time I would get it right. I guess that's why I go on teaching; I'm still trying to get it right.

Clyde McCants

Mrs. Kerry Matthews
