

# Moving Our Muscles

## COOLING DOWN

The sixth graders search for marbles with their feet while cooling down from the hot day. This was one of the many fun games that went along with carrying water on their head and the three-legged race.

## LOTS OF WATER

Andy Davis participates in the water squirt game at Field Day while his classmates look on. Field Day, as usual, was great in that the kids got to play out of the ordinary games such as this one.

Field Day

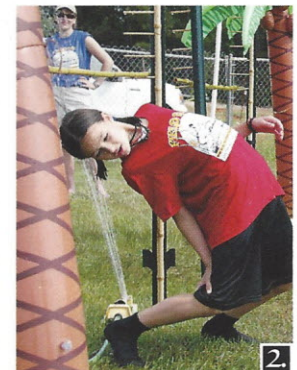

1.

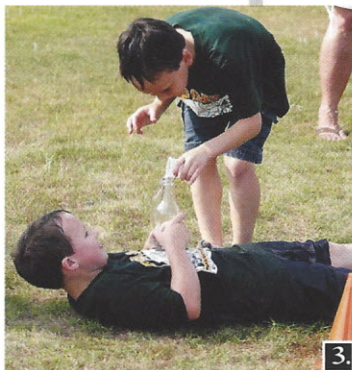

4.

1. The second grade class participates in one of the many water games on the hot May day.
2. Alyssa Atkerson limbos under the palm trees and sprinklers out on the football field.
3. Two first graders play the bottle game along with their classmates.
4. Bradden Steele grins as he and his friends throw beach balls into the air using a parachute.
