

# WINTER BREAK...

## *Christmas Wish Comes True*

Zack Taylor screams with excitement as he sleds down a hill during the Christmas Break snow storm.

The Woodland Terrace gang gather for a group shot during their snow day. These families were fortunate to live close together, and were able to enjoy each other's company during this year's Christmas snow.

Boyce and Anna Grey Walters enjoy spending time with their older sister Candace (RWA graduate) during their Winter Break.

This Winter Break was different than most. Everyone always wishes for a white Christmas, especially here in the South, and this year it almost came true. The morning of December 26 brought smiles to many a face in Winnsboro, Ridgeway, and even Chester. **IT WAS SNOWING!**

After this snow had melted away, and we returned to school, another surprise was given to the students of RWA. We would be out of school for a week because of another snow storm. Everyone built snowmen, had snowball fights, and spent time with friends. But, by the end of the week, not many people were surprised to see the white fade to green again.
