Our baby is growing up! We have both wished for and dreaded this day for eighteen years. You have made our lives blessed, and we wish for you all the happiness and love that you deserve! Always remember life will give you what you put into it. Our love for you will continue to grow as you become the woman we know you can be. Remain positive and confident and the world will open up in front of you!

We love you!

We thank God for every memory of you. Daddy, Bubbie, and I are so proud of the wonderful young woman you have become. Little did we know how blessed and enriched our lives would be as you grew. Please know you will always be our "Bek" as we look forward to God's plans for you.
