

Let's be real. Richard Winn is a part of each and every one of us. We spend our weekdays walking the halls or sitting in the classrooms... We find ourselves spending countless hours in the gym or on the practice fields. We take part in programs, productions, and pep rallies. Most of us have grown up together, known each other forever. Richard Winn is a part of us, always will be. Some days it drives us completely insane, and sometimes, we realize that, well, maybe this place isn't too bad... It is in the moments that we sit back and think about how Richard Winn is more than a school; it is a family. This yearbook is simply a tribute to the teachers, students, parents, staff, alumni, fans, and coaches that make up our family. It's a tribute to us and all we stand for. Twenty-twelve was another year of us being us. Just getting it done...

Ourway

Yours truly,
The 2012
Aerie Staff
