

The 2012 Eagles baseball team made something of a splash this year. Despite the youth of this team, they managed to place second in the region as well as making it to the second round of the state playoffs. They will have some shoes to fill next year, with the loss of five seniors. However, with the work ethic and dedication of the younger players, this team will no doubt do some damage next year in both the region and at state.

“

Was baseball what you expected it to be, being your first year playing for Richard Winn?

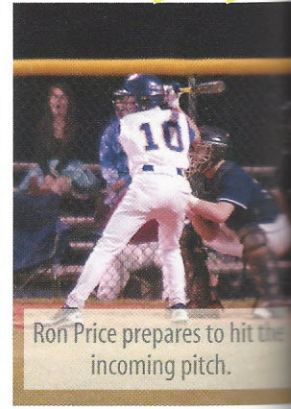

Yes, I had a lot of support from fellow players who helped me get better as the year went on. It was a great experience.
