

**Turkey Tycoon.** Lawson Wade kills his first turkey on opening day and poses with pride. Lawson's excitement was not easily contained.

**Chocolate Heaven.** Megan and Riley Simpson both enjoy their time together at the Hershey's chocolate factory. These two sisters always go on the most exotic vacations.

**Prize Catch.** Autumn Keys holds up her prize perch to show off for the camera. Autumn grinned from ear to ear with pride in her accomplishment.

**Lovely Ladies.** Carson, Justine, Rebecca Robertson, and Sarah Thompson all smile for a quick picture near the rocks. This was their first time going to the mountains together.

**Prehistoric Pals.** Ella Grace Harrison and her cousin Meriwether enjoy fun outings at the zoo. Many students like Ella Grace enjoyed fun outings with all of their family and friends.

Spring Break is definitely a week much anticipated all school year. Once the weather starts warming up (in the case of this year starts getting colder), teachers and students alike begin to count down the days separating them from those few seconds of freedom. Whether students went to the beach, the mountains, or just stayed at home, one thing was certain: good times were had with great friends. Although the weather during this Spring Break was less than ideal, students and teachers made the most of their time away from school. Spring Break is a small taste of the upcoming summer, and as soon as students and teachers walk back through the school doors, the upcoming summer vacation is the only thing on their minds.
