Revis and Logan Gibbons*

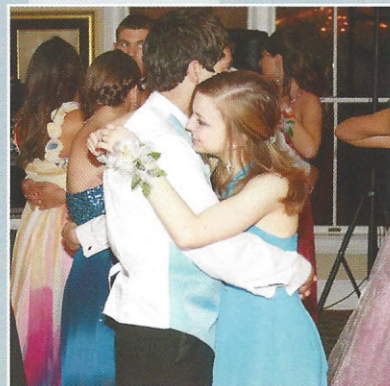

Despite the rain and drab weather, Prom 2013 was an enchanting night. Sponsored by the junior class of 2014, the prom was held off campus at the Windemer Country Club in Blythewood for the first time. Although a few traditions were left in the past, new traditions were incorporated and enjoyed by all in attendance. The hollywood theme and scenic view of the country club's lake made the occasion special. Prom was a fun time for seniors, juniors, underclassmen, teachers, faculty, and outside dates to enjoy themselves in a formal setting.

*Cutest Couple
Sidney Edenfield and Madison Spang*

Pretty Fly For a White Guy. These senior boys soak up their spotlight and dance to their requested song.

Lean On Me. Zelick Levy and Hannah Silvia make a cute couple as they dance to one of the night's slow songs.

Jump Around. Walking out for her "Senior Walk," Pauline Craig hops down the red carpet and high fives the underclassmen waiting.

Having a Breather. While sitting out for a few songs, Casey Self and her date flash a smile for the camera. It was hard to ignore the camera's flash going off, but most students (clearly) didn't

Slide to Left.. Joseph Goldin, Lauren Faust, and other prom-goers dance along to the popular "Cupid Shuffle." Most of the students let loose and enjoyed their time on the dance floor.

Caught Up In this Moment. Senior C.R. Caudill and his date look lovingly into each other's eyes while a slow song plays. The dance floor was completely packed during these intimate moments.

Ay, Macarana. Jason Branham, Carson Justice, and Logan Gibbons shake their hips in time to the catchy tune of the Macarana. The dance floor was packed all night, and line dances definitely got students on their feet.
