Working Teachers. Mrs. Poland and Mrs. Taylor intently take notes at a teacher work day. Most don't realize that teachers start school year early in order to learn new teaching techniques.

Bright and Early. On the first day of school, Dr. Coleman welcomes Crystal Liu. Dr. Coleman spread joy in the morning to students coming in the front door.

Crazy Coaches. Coach Copeland and Coach Pitt slip out of their typically serious demeanor and goof off during a teacher work day. These two coaches, though serious at times, showed their silly sides at times in the classroom as well.

What a Surprise! Coach Berry gives Dr. McCants a high five. To celebrate Dr. McCants' 80th birthday, the faculty and staff prepared a surprise party for him.

Listen Here. Mrs. "Nic" Nicholson turns to her captive audience during a lower school music program. She worked with the lower grades and prepared many entertaining music performances.
