Talking Trio. Hannah Silvia, Jordan Parris, and Vicky Durham chat it up on the first day. New schedules and teachers sure had students buzzing.

Reliving Memories. Lauren Elder, Lydia Wilder and Sally Costenbader check out the 2013 yearbook. Reminiscing, they all talk among themselves about what they see.

Memorable Talks. Cassie Rae Cantrell and Brian Steed enjoy talking in the hallway on the first day. As a couple, a good talk in the hallway between classes is always great.

Determination. Jai Sanders focuses on his work, even on the first day of school. Apparently Jai was preparing himself for what lay ahead of him in the new school year.
