

Ring Ceremony

"They Went to Jostens"

Receiving the class ring has always been an extremely important milestone in every student's high school career. This ring symbolizes not only one's loyalty to his or her school but also represents a sense of school pride and accomplishment. The class of 2013 received their rings on September 12th during a ceremony at Bethel ARP Church. The class officers had the honor of addressing their classmates and parents. Parents and other family members presented the rings to the junior class members.

Presidential Address.

Junior class president Hannah Silvia opens the ceremony with a warm welcome to family members and friends. While each junior chose his or her unique ring design, the students were all united and excited to be recipients of a long-awaited Richard Winn ring.
