

# Cheerleading

*Eat. Sleep. Cheer. Repeat.*

This particular year brought about some changes in cheerleading at RWA with a new coach and several new squad members. The squad's growth in number made it possible to do many more routines, stunts, and cheers. Along with the traditional events including pep rallies, summer youth cheer camp, and spirit link sales, the group sponsored a Pink Out pep rally in support of cancer patients, raised money for commissary gift cards for soldiers' families, and acquired a new run-through sign - just to name a few changes to promote unity and school spirit.

**Pump It Up!** The Eagle cheerleaders keep the fan base in all of the games. They definitely kept the "12th" man loud and proud of their Eagles.

**Crunch Time!** Megan Simpson cheers for her team in the final seconds of the game. A rookie cheerleader, Megan caught on quickly to the many dance routines and stunts.

**You Gotta Love It!** Coach Trammell awaits the announcement and crowning of the new Homecoming King. Even with her being a new coach, she bonded extremely well with the squad.

**AllTogetherNow!** The Lady Eagles show off their moves as they cheer on their Eagles. All season long the cheerleaders worked together to promote school spirit and make this a great season for everyone.

**The Fab Four.** The seniors showed great leadership throughout the season. These four certainly make cheerleading a memorable experience for the underclassmen.
