

Varsity Girls Softball

One Team, One Dream

If you asked the entire varsity softball team what their major goal was this season, they would collectively say, "To get a ring, of course." Winning state was a very possible dream, and they proved that this past season. Game after game the team members grew closer, the skill level improved, and the desire became stronger. They also finally defeated SCA one game to claim a tie in the region standings. However, it just wasn't in the cards this season as the varsity girls fell short of winning state, but they ended the season much closer to the title than in any recent previous season.

Down and Dirty. Megan Simpson slides into home base hoping under the Wardlaw pitcher's tag. Megan is a solid outfielder and puts speed on the base paths for the Lady Eagles.

Making Her Mark. Freshman pitcher Bailey Taylor throws the ball to the next batter. Bailey was always on top of her game no matter what challenges she faced.

Base Bandit. Eighth grader Kimmy Albert heads home to score another run for the Lady Eagles. Kimmy's speed helped her round the bases and score many runs as a courtesy runner.

Making Contact. Madison Anderson swings through the pitch to make contact for an extra base hit vs. Great Falls. Madison was a new player on the Lady Eagles roster and made a huge effect on their season and the outcome.

Game Face. Senior Carson Justice rears back to throw the ball to first for the out. Carson was one of the team's defensive anchors at the short stop position.
