

Spring Music Programs

Springing into Song

Many of the lower and middle school students love singing and participating in the school's music programs. Not just in the spring, but throughout the year. Some students find that music is their little niche. It is amazing the amount of time planning and practicing that Mrs. Nicholson and Mrs. Matthews put into these programs. This year's programs were no exception, and as as always, were extremely entertaining and memorable events!

Fabulous Family. From grandson to grandmother, Kiff hands Mrs. Nic a thank you gift as a token of appreciation from the 3rd graders. She managed to choreograph another unique and fabulous SC History program.

Southern Pride. The third graders sing the many songs about SC which were composed by Mrs. Nelle McMaster Sprott. Mrs. Sprott, a native of Winnsboro, is Mrs. Nicholson's aunt.

1. The 4th - 7th grade students sing together in a spring music event entitled American Spring. 2. During the kindergarten end-of-the-year program, Ava Ferguson plays the part of a friendly dinosaur. 3. Connor, Lawson, and Emma Grace take part in their assigned roles which relate to the history of SC. 4. As the 3rd grades sing the 46 county names, Landon and Kiff not only know all the county names but could also point them out on a map of SC. 5. Mrs. Kerry Matthews directs her music students during their spring program as Mrs. Nicholson accompanies them on piano. 6. The kindergarten classes sing of spring and animals to entertain the audience on their last day of school.
