

Winter

With winter comes cold, but for the 2014-2015 school year, winter brought another girls' basketball state championship! The team made history when they brought home the title for the third year in a row. In addition to a basketball team for the history book, this winter held great seasons for all the basketball teams, and the B-teams had a great time, too! Aside from basketball, the elementary school celebrated Christmas in style with their annual Christmas Program, and a few days later, the high school students enjoyed their time off by attending the Sadie Hawkins winter semi-formal. All together, it was a fantastic season!
