

Celebrating

50

YEARS

For fifty years, experiences at Richard Winn Academy have nestled deeply into the hearts of students, faculty, and alumni. Richard Winn has stood firm on a foundation of excellence in academics, athletics, and extracurricular activities. A Richard Winn education is valued not just for academic superiority, but also for the institution of Christian values and southern etiquette in the classroom. One of the most unique attributes of RWA is the intimate, family-like atmosphere. With strong alumni involvement, this "family" begins at pre-kindergarten and continues through all generations. No matter the age of an RWA family member, each will agree that Richard Winn possesses something unexplainably extraordinary.
