Growth Dr. Selby gathers the students around the site of the new garden and speaks about how the growth of the newly planted flowers represents everyone's growth in Christ.

Family! The school listens as Dr. Selby and Pastor McManus speak about the symbolism of the memorial garden and the importance of where it was placed.

All Together! Senior Rebecca Robertson stands with the Sharpe family after speaking of Jenni and how she touched so many lives in the community.

Remembrance The Sharpe family enjoys the new garden. They were very touched that RWA dedicated the garden to Jenni.
