Bling! Madison participates in the longtime tradition of having someone special turn your class ring. The junior class had the honor of receiving their rings during RWA's 50th year requiring them to find 49 honorary ring "turners" before the last turn locked the ring onto their finger.

Studios This group of junior boys are working hard in Mrs. McDonald's history class. Todd is eager to answer one of the questions while the rest follow along in their notes.

Hands up! Christian actively participates in Mrs. Trammell's English class. Students agree that it is much more interesting to be part of an engaging classroom.
