

Class History

Salutatorian, Jacob Steele, writes the seniors class history.

To begin, I would like to thank the parents, grandparents, siblings, friends, teachers, coaches and more for their constant support and guidance in our lives. We would not be here tonight if it was not for your motivation that has driven us to succeed and the best that we can be. We are forever grateful for the influence you had on our lives.
Now, I am pleased to present the history of the class of 2016.

First in the class is **Chrissy Cauldill**.
Her Compassion to help others is certainly real,
Don't let her timid nature fool ya,
I promise, she has more than enough knowledge to school ya,
Chrissy's service does not go unnoticed,
As the Leo Club president she is strongly devoted,
Chrissy's future is bright and clear,
Presbyterian College will be fortunate to have her next year.

Next is **John Sandifer** who is a good ole boy,
But those that know him well just call him Roy.
Known for his great sense of leadership,
He's very proud to have that white Chevrolet as his whip.
You'll probably find him in the woods, sundown to sunup,
All of his trophies are sure to one-up.
Yes it's true, he's an outdoorsman day at night,
John I pray knob year treats you right.

Johnathan Lewis is impossible to forget,
He'll share his endless cow stories at Clemson next year, I bet!
If you've ever had the pleasure of hearing his lines,
You probably told him to, "Speak Up!" at least four or five times.
Jonathan's been a great friend of mine for a very long time,
So I can safely say that those red-heads make him lose his mind!

Speaking of red-heads, it my delight,
To introduce **Marion Walker Coleman** on this special night.

On the basketball and volleyball courts her athleticism you can admire,
Opponents beware: this girl is on fire.
That beamer she drives has a beautiful shine,
But even that horsepower can't get her to school on time.
Marion Walker carries her own style,
She'll take it with her to USC and stay a little while.

Coker Gilbert is next on the list,
When it comes to food and Addie, it's very hard for him to resist.
Baseball and fishing are two of his favorite things,
And at a score of 121, he has quite an impressive golf game.
He is always seen with a grin on his face,
I hope next year at the Citadel it won't be erased.

Since I mentioned **Addie Bostrom** I'll speak of her now,
Her cheerleading will make you say "Wow."
Her gentle personality is so easy going,
At least until Coker Gilbert becomes annoying.
Addie this fall will hopefully find comfort,
As she studies near the sea at USC Beaufort.

Rob O'Connor is the class clown by far,
Someone please call a taxi before he wrecks his car.
Now I'm not saying Rob's a player with the ladies,
But he's got every girl in the state's number and that's crazy.
Rob's outgoing personality will be a gift to all,
As he attends the University of South Carolina this fall.

Perry Anne Robinson is one of the best,
As Student Body President she leads all the rest.
To Mr. Westall she always complains,
He's probably leaving because she drove him insane.
In her future I see president of the United States,
But for now she'll spend her time at USC and I know she'll do great.

John Coleman expresses athleticism well,
Step on the football field with him and he'll surely ring your bell.
While John has accomplished so much during his athletic career,
His most notorious accomplishment is being ejected from two different sports in one year.
John surely walks to the beat of his own drum,
He'll do great things at Midlands Tech and the Citadel in these years to come.

Next up is **Hunter Ray Glisson**
When he's whippin the green pickle it's not hard to miss him.
For the money he borrows he will never reimburse,
The kid plays with his hair more than Miss Universe.
Hunter prefers to sit back, relax, and chill,
This Fall he'll be come a lancer at USCL.

Jaycie Johnson is a superstar I must say it,
All-Region, All-State, All-Country - you name it!
On the basketball and volleyball courts you'll find her,
Her trophies and championships are a quick reminder.
Jaycie's sweet sincerity is quality everyone wishes to possess,
This fall she'll run the courts at SMC and strongly impress.

Speaking of champions how about **Webb Yongue**?
His skills on the football field are never outdone.
He's carried a humorous demeanor since he was a child,
But Webb's also known for going buck wild.
I hope the future treats Webb well,
This fall he heads off to the Citadel.

Megan Simpson is our very own Homecoming Queen,
Beside Chloe Dawkins she can often be seen.
On the softball field she carries a confident swagger,
Did I mention this girl has the moves like Jagger?
A great love for children she will always express,
This fall she takes on USC, many lives she will bless.

Chloe Dawkins, where do I start?
Those deep blue eyes will make you forget who you are.
She can either be found in Chester or Lancaster,
I don't think I know a girl that drives any faster.
A bright and humorous girl with a far-reaching mentality,
She'll attend The College of Charleston and express her originality.

Laken Tanner hold the title of Miss RWA,
On the softball field nothing stands in her way.
A girl who never finds fear in speaking her mind,
In telling how she really feels, she is very inclined.
Away from Winnsboro this fall she will trek,
On her way to York Tech.

Rebecca Robertson is all about fun,
Hey, are those Nike's you're wearing, or Air Force Ones?
Volleyball is one of her passions,
But it's clear that this girl is all about fashion.
When Rebecca walks all the boys swoon,
Get Ready USC because she's coming real soon.

I'll soak of **B Wallers**, who I almost forgot,
You really can't miss him with his long blonde locks.
"Just call me Cloyd", you'll often hear him say,
And when he comes to school he is often late.
Soon he'll pack his things and make the haul,
To attend Coastal Carolina this fall.

To **Nancy Blair Gonzalez**, I'll get right to the point
If she's not careful, she might pop something out of joint.
There are two things to remember about Nancy Blair,
She lives in Blair and has really dark hair.
She can always find a laugh in every situation,
She'll be attending USC for four years in duration.

Noah Ward joined our class a little later in the game.
But Noah's intelligence everyone will easily claim.
He's quiet sometimes in class, I must admit it,
But it's not very often that Noah doesn't get it.
His blunt sense of humor can erase any frown,
I must say, he made a great decision in choosing Tiger Town.

The memory of **Nic Stillwell** in our hearts will never fade.
I swear that beard has been on his face since sixth grade.
Voted best smile by the class this year,
He conquers opponents on the football field without fear.
Of Richard Winn Academy his is certainly ready to flee.
This coming August he'll attend USC.

I have always liked **Gunnar Hensley** since the day we met,

Whatever situation Gunnar's in, he certainly won't fret,
Gunnar's favorite words are, "Hey there Boh."
He's likely to be found on his pontoon cruisin' nice and slow.
I'll have to send Gunnar a few letters in the mail,
While he spends knob year at the Citadel.

Last but not least is me, **Jacob Steele**.
My passion for baseball is beyond real.
I'm finally ready to leave place I believe,
But when I see my college load next year, I'm sure I'll grieve.
This fall I'll go to Clemson, favorite school in the world.
But you can still follow me on Instagram - @Jacob_Steele

Well, the night we've been waiting for is finally here,
But knowing this is the last time we'll be together certainly feels weird.
We've conquered many obstacles and accomplished great things.
Now to a brand new diploma we can cling,
To all of my class mates: it's been a great pleasure,
I've enjoyed these years beyond any measure.

Thank you,
God Bless.
