

# S

. . . is for the Senior Class of 1962 . . . the theme of our yearbook. Come with us through these pages, as we share a few moments with the Seniors in their daily lives . . . as they live it day by day . . . and, as we go, exploring the priceless "little" moments that bring us closer to each other . . . and relive the memories that have gathered through these last fleeting months of that unforgettable time of life . . . those "high school days" . . .
