SPONSOR: Mrs. Margaret Palmer

Winnsboro High's Student Council began its work for 1961-62 during the summer by publishing the Student Handbook. Safety, publicity, and fund-raising committees were appointed to carry out the duties of the council. Our projects were divided into five groups; citizenship, scholarship, religion, and social and financial activities. Since the most important aspect of Student Council is leadership training, delegates attended workshops and the State and Southern conventions.
