

Dedication

His consideration of the students, cooperation with his fellow workers, and devotion to education are among the reasons why we, the members of the Senior Class and of the Halcyon staff, dedicate the Halcyon for 1963 to Mr. E. A. Williams.

In the past years, Mr. Williams has earned the respect and admiration of the faculty and the student body alike by his diligent and patient service. His sincere and thoughtful ways have guided many of our lives in the search for education and better living. Giving his time unselfishly, Mr. Williams has served the community and the school faithfully. For these and his many other helpful deeds we, in this small way, say, "Thank you."

Mr. E. A. Williams
