DE Club

The Distributive Education Club of Winnsboro High School, 1962-63, feels that this has been a most prosperous year. The club has received a 3-star plaque for outstanding achievements each year that such an award has been offered. Participation is taken in the state contests at the Leadership Conference. The majority of members attend the district meeting in Sumter.

One main feature of the D. E. program is the annual employer-employee banquet which was held in November. This proves very profitable, in that the student and their employers get together for a most enjoyable evening. In doing so, any possible tension between the two is relieved. Other highlights are the annual Spring picnic, and the Thanksgiving party in November.

Each student holds a part-time job in or out of town. Our sponsor, Mrs. Helen Robinson Taylor, coordinates at each place of work, or station, checking on the student, who is also graded on a rating sheet by the employer.

Every year an assembly program is written and presented by the D. E. Club.

A professional meeting is held once a month, featuring an outstanding person as guest speaker.

The D. E. Club is a most active one and has a very happy membership.
