

# FBLA

The Future Business Leaders of America is a club for the students in the eleventh and twelfth grades who are taking at least two business subjects.

The purpose of FBLA through its programs, speakers, and field trips is to introduce the students to various businesses, to inform them about various vocational possibilities in the business world, to broaden their perspective of their business subjects, to develop leadership not only in their own club but in other school projects, and to promote projects of interest to them and of benefit to the school.
