

In Appreciation

MISS KATHLEEN LEMMON

Miss Kathleen Lemmon retired this year after forty-three years of teaching in the schools of South Carolina. She will be especially remembered at Winnsboro High School for her devotion to math, untiring support of the F. T. A., and inspiring poetry. Another of her contributions is the school's Alma Mater which will be sung in future years and will remind all of her dedicated service.

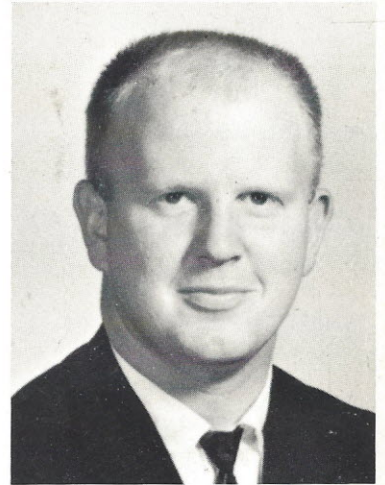

MRS. BETTY W. LUTZ

Mrs. Betty W. Lutz is a teacher who will long be remembered by the students of Winnsboro High School. Shorthand dictations, Business English classes, and psychological guidance in the classroom were all made interesting and fun by her light manner. Most of all we pay tribute to Mrs. Lutz for her untiring efforts in working with the school annual.

MR. LEONARD SINGLETARY

Mr. Leonard Singletary will not only be a loss to the school because of his diligent work in the history department at Winnsboro High School, but also for his work to build a better football team in the present and the future. All of the students feel that he has given us a foundation for better school spirit, better team work, and a stronger football and basketball team. He is a coach whose memory will linger long in the hearts of Winnsboro High School students.

MR. J. R. CANTEY

That unusual walk, long history and science classes, sermons before track meets, and exciting basketball games—these all symbolize one of the most cheerful and friendly teachers at Winnsboro High School, Mr. J. R. Cantey. Each one of us will never forget his work and guidance.
