

Class History

Today, we stand between the happy past of five wonderful years and the unknown future. It seems only yesterday that we entered high school as frightened sub-freshmen at various schools throughout Fairfield County. The highlight of this year, 1958, was initiation which gave us a sense of belonging.

In the ninth grade, we really began to grow up. We mingled with members of different clubs and became acquainted with the more difficult subjects. This was a challenge to us, and we enjoyed it very much.

In our sophomore year, we came to our new alma mater, Winnsboro High and united with classmates who have become close friends. Some of us had our first peep at Junior-Senior as serving girls and doormen.

After three years, we began our junior year.

We presented the Junior Play, *All American Family*, to raise money for the Junior-Senior Prom. The theme of the Prom was *The Peppermint Lounge* which symbolized the fad of the year—the twist.

Now, at last, we have reached our goal. We have had the joys of choosing superlatives, marshals, ushers, mascots, and graduation speakers. We had the thrill of producing our Class Play, *Cinderella Complex*. We were, also, honored by the juniors at the Junior-Senior Prom.

Graduation is the climax of high school, but it is also the stepping stone to the future. And now looking back, we see our most wonderful days were our high school days; and looking forward we have great expectations for the future. As we leave Winnsboro High, we know that it will always remain in our memories as we travel life's pathway.
