Foreword

Winnsboro High School is so many things . . . students from various communities in Fairfield County . . . all from different places but one in the same . . .

The candles on this page symbolize the past three years . . . we've worked together as one . . . club meetings . . . sporting events . . . sock-hops . . . Junior-Senior . . . class plays . . . just having fun . . .

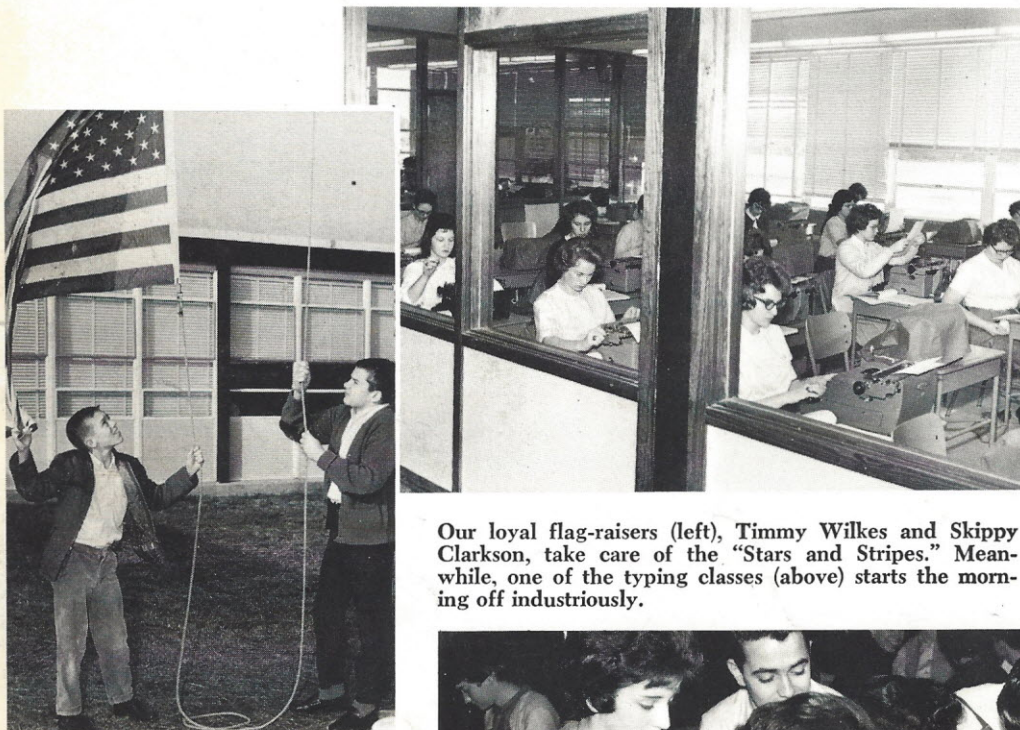

People . . . who make loafing fun, and working a pleasure . . . your favorite teacher . . . the gang . . . people who make W. H. S. . . .

Through the pages of the 1963 **Halcyon**, we, the members of the staff, hope to familiarize you, the students, with your fellow communities in Fairfield County. We have used scenes of interest throughout our county as the setting for highlights of the past year. It is our sincere hope that this annual will bring you many hours of satisfaction in the years to come.

This scene shows the big problem one faces if he wants to go down the eighth grade hall during fifteen-minute break.

Our loyal flag-raisers (left), Timmy Wilkes and Skippy Clarkson, take care of the "Stars and Stripes." Meanwhile, one of the typing classes (above) starts the morning off industriously.

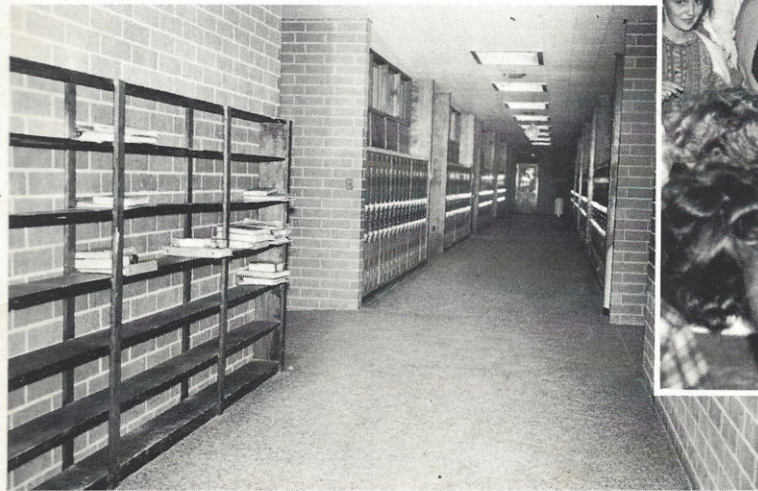

This little piggy didn't go to market but ended up in the biology lab.

School Life

Mrs. Hughes keeps her girls active doing some arm exercises in one of the gym classes.

The hall to the left looks quite lonely minutes before the first lunch period, but the picture above shows a slight change after the 12:20 bell.

No, this isn't a beauty parlor, but a good action shot of those creative home-ec girls at work.

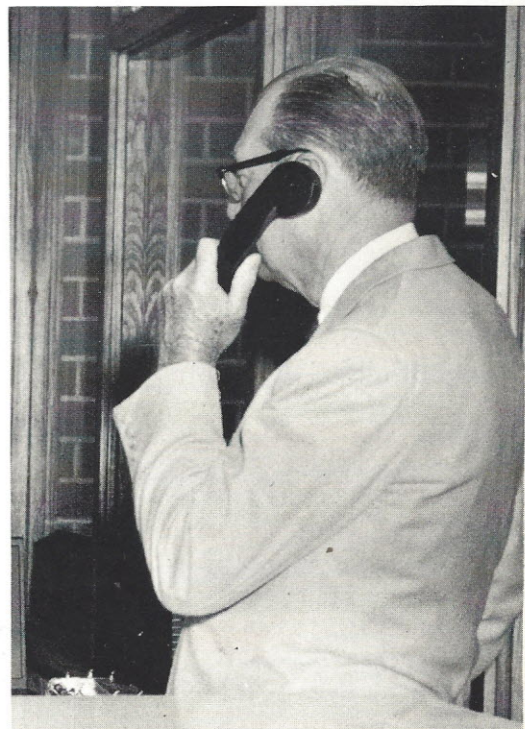

Dedication

His consideration of the students, cooperation with his fellow workers, and devotion to education are among the reasons why we, the members of the Senior Class and of the Halcyon staff, dedicate the Halcyon for 1963 to Mr. E. A. Williams.

In the past years, Mr. Williams has earned the respect and admiration of the faculty and the student body alike by his diligent and patient service. His sincere and thoughtful ways have guided many of our lives in the search for education and better living. Giving his time unselfishly, Mr. Williams has served the community and the school faithfully. For these and his many other helpful deeds we, in this small way, say, "Thank you."

Mr. E. A. Williams

Stevenson Park, named for the assistant principal of Winnsboro High School, Marion E. Stevenson, is located at Salem Cross Roads. Begun in 1955 by Mr. Stevenson, the park covering five and a half acres of land was completed and dedicated the same year. As Monticello's undertaking in the state-sponsored Community Development Project, the park won over other projects of the area to place second in the state.

Fairfield County's Court House was built in 1823 by the noted architect Robert Mills and is perhaps one of the oldest court houses in the upper part of the state. It was constructed with English ballast brick brought to Charleston and then to Winnsboro. It was remodeled in 1939 but retained the Mill's design. Previously it had no piazza or steps in front and wasn't overcast or plastered on the outside. The Court House serves a useful role in Fairfield County's judicial system as well as serving as a reminder of the past history of Winnsboro.

Ridgeway's historic "Brick House" has recently been renovated and established as a Community and Youth Center. Called "The Century House" because it is more than 100 years old, this ante-bellum home of Mr. James B. Coleman, an early settler and planter, was built by plantation labor and was the first brick house in this area. Of Civil War fame, Gen. G. T. Beauregard established his headquarters here on February 17, 1865, in advance of Gen. W. T. Sherman's march through Fairfield County.

The main objective for this year was to encourage scholarship by giving special recognition to honor students. The council aided in the organization of the Pep Club. A school seal was selected by the student body following careful selection by the council representatives.

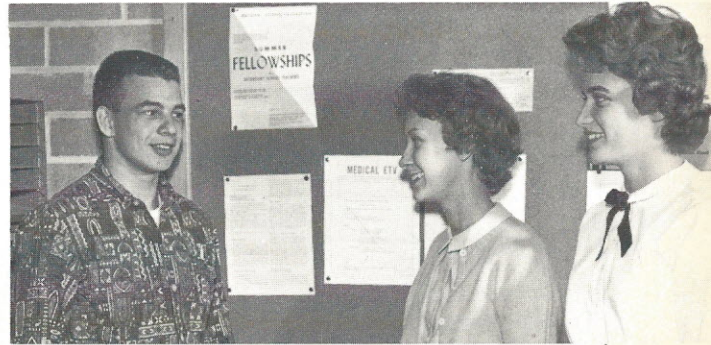

Each year two delegates are sent to the summer workshop at Socareda to be trained in the work which the council undertakes. Barbara Sikes and Dubbie Berry attended the 1962 summer session.

DE Club

The Distributive Education Club of Winnsboro High School, 1962-63, feels that this has been a most prosperous year. The club has received a 3-star plaque for outstanding achievements each year that such an award has been offered. Participation is taken in the state contests at the Leadership Conference. The majority of members attend the district meeting in Sumter.

One main feature of the D. E. program is the annual employer-employee banquet which was held in November. This proves very profitable, in that the student and their employers get together for a most enjoyable evening. In doing so, any possible tension between the two is relieved. Other highlights are the annual Spring picnic, and the Thanksgiving party in November.

Each student holds a part-time job in or out of town. Our sponsor, Mrs. Helen Robinson Taylor, coordinates at each place of work, or station, checking on the student, who is also graded on a rating sheet by the employer.

Every year an assembly program is written and presented by the D. E. Club.

A professional meeting is held once a month, featuring an outstanding person as guest speaker.

The D. E. Club is a most active one and has a very happy membership.

Fairfield County is not only known for its beautiful colonial homes and Southern tradition, but it has on the Broad River one of the most modern nuclear power plants in the nation. The Parr Atomic Plant is the only site in the world where electricity can be generated by using the three principle sources of power: water, coal, and the atom.

The plant was completed in 1963 by the Carolina Virginia Nuclear Power Association, Inc. and has as its goal a forty-six million dollar experiment to develop a nuclear furnace.

This plant offers progress for South Carolina by making advances in the production of nuclear power.

In Appreciation

MISS KATHLEEN LEMMON

Miss Kathleen Lemmon retired this year after forty-three years of teaching in the schools of South Carolina. She will be especially remembered at Winnsboro High School for her devotion to math, untiring support of the F. T. A., and inspiring poetry. Another of her contributions is the school's Alma Mater which will be sung in future years and will remind all of her dedicated service.

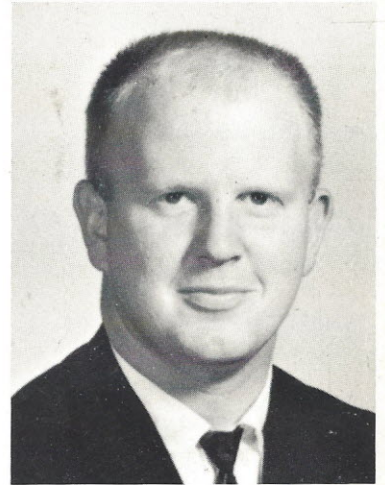

MRS. BETTY W. LUTZ

Mrs. Betty W. Lutz is a teacher who will long be remembered by the students of Winnsboro High School. Shorthand dictations, Business English classes, and psychological guidance in the classroom were all made interesting and fun by her light manner. Most of all we pay tribute to Mrs. Lutz for her untiring efforts in working with the school annual.

MR. LEONARD SINGLETARY

Mr. Leonard Singletary will not only be a loss to the school because of his diligent work in the history department at Winnsboro High School, but also for his work to build a better football team in the present and the future. All of the students feel that he has given us a foundation for better school spirit, better team work, and a stronger football and basketball team. He is a coach whose memory will linger long in the hearts of Winnsboro High School students.

MR. J. R. CANTEY

That unusual walk, long history and science classes, sermons before track meets, and exciting basketball games—these all symbolize one of the most cheerful and friendly teachers at Winnsboro High School, Mr. J. R. Cantey. Each one of us will never forget his work and guidance.

The White Oak Association Reformed Presbyterian Church was organized March 16, 1877 with thirteen persons listed as charter members. Prior to the organization, services had been held in the school house.

The quaint church which has been renovated in recent years is known for its striking white pews.

Class Poem

As today we meet with the thought of departure,
May our hearts ring loud and clear,
To Winnsboro, our school, our town, our people,
To whom we hold most dear;

May we carry with us fond memories,
That began long ago,
And may we continue with these memories,
In our hearts may they always glow;

As to our destinations we merely begin,
Let us now put to thought,
All the things that have been taught us,
And the accomplishments these have brought;

We come now to thank you, ask your blessings,
and bid good-by,
Our loving parents, dear teachers, and humble
friends,
But we must not forget the all powerful one—
With Him we always win.

So when the door is entirely open,
Waiting for us to step through,
We shall enter into life's future,
Leaving our school, fellow students, to you.

Class History

Today, we stand between the happy past of five wonderful years and the unknown future. It seems only yesterday that we entered high school as frightened sub-freshmen at various schools throughout Fairfield County. The highlight of this year, 1958, was initiation which gave us a sense of belonging.

In the ninth grade, we really began to grow up. We mingled with members of different clubs and became acquainted with the more difficult subjects. This was a challenge to us, and we enjoyed it very much.

In our sophomore year, we came to our new alma mater, Winnsboro High and united with classmates who have become close friends. Some of us had our first peep at Junior-Senior as serving girls and doormen.

After three years, we began our junior year.

We presented the Junior Play, *All American Family*, to raise money for the Junior-Senior Prom. The theme of the Prom was *The Peppermint Lounge* which symbolized the fad of the year—the twist.

Now, at last, we have reached our goal. We have had the joys of choosing superlatives, marshals, ushers, mascots, and graduation speakers. We had the thrill of producing our Class Play, *Cinderella Complex*. We were, also, honored by the juniors at the Junior-Senior Prom.

Graduation is the climax of high school, but it is also the stepping stone to the future. And now looking back, we see our most wonderful days were our high school days; and looking forward we have great expectations for the future. As we leave Winnsboro High, we know that it will always remain in our memories as we travel life's pathway.

Class Prophecy

At last we are numbered among the prophets. The year is 1973. As our space ship journeys around the world, we take a quick glance at the 1963 class of Winnsboro High. We see that:

Serena Magill and *Emmie Lou Anderson* are nurses at McMeekin General Hospital, named after Dr. *Hayme McMeekin*. They are working on a cure for Spring Fever.

Larry Cail is President of the Greyhound Corporation. *Adrian Glenn* is Vice-President. They are remembered for their skill in driving our high school buses.

Helen Wilson and *Catrina Russell* are prominent X-Ray technicians at the Baptist Hospital in Columbia. *Gail Smith* is the head of the Surgical Technician Department there.

Carolyn Beam is the manager of one of the famous Rexall drug stores, in Charleston, where *Callie Ladd* and *David Horne* are pharmacists.

In Atlanta, Georgia, *Bubba Lyles* has become the editor of the Atlanta Journal where *Susan Smith* is writing a column about poetry.

Rusha Moseley is head cheerleader at Carolina where she is working on her Masters Degree in Physics.

Danny Childers, the current Green Bay Packer tackle, and the former *Janice Johns*, have a huge mansion next door to the "Beverly Hillbillys" in California.

Miriam Lyles has opened a Psychologist office in San Francisco. Working on her staff are *Leola Driggers*, *Linda Stevens*, and *Larry Godwin*.

Judy Marsh, *Joyce Mayes*, and *Lois Smith* are now three of our well-known beauticians in California. *Esther Jennings* and *Faye Bairefoot* are their models.

Steve Beckham and *Jimmy Peak* are recording artists for RCA Victor. Their latest hit is "I'll Take You Home Again Kathleen." *Sam Peak* and *Tinka Milling* are their managers.

Bill Haslett has organized a girl's basketball team, now performing at the Charlotte Colosseum in North Carolina. Our classmates: *Peggy Gladden*, *Faye Ingle*, and *Susie Bundrick* are the star players.

Barbara Sikes is the newly elected Governor of South Carolina. *Edward Murphy* is Lt. Governor.

Judy Martin is now Dean of Women at Newberry College.

Teresa Cole is the wife of the President of the South Carolina National Bank.

Julie Burley and *Vickie Gladden* are operating one of Columbia's finest kindergardens, while their children attend school.

John Cotton is making a study of Buddhism in China. *David Martin* and *Patsy Fickling* own a rice plantation there. *Wilburn Price*, *John Mattox*, and *Charles Truesdale* are working on new methods of irrigation.

Tommy Leviner and *Bobby Cunningham* are the owners of one of Italy's finest restaurants as a result of their having had experience in meat cutting in our local grocery stores.

Class Prophecy

Jenny Cathcart is the Physics Professor at Cambridge College, where she and *Patsy Patrick*, the Chemistry Professor, have become closer associates. We also learned that *Claude Coleman* is president of the school.

Glenn Ragsdale has opened a dance studio in New York, where *Larry Mincey* teaches the "Twist."

Carolyn Freeman, *Joyce Gunter*, and *Vivian Perry* are the secretaries of *David Ferguson* and *James Bundrick's* Madras Thread Winding Company.

In our own home town, we learned that *Michaëlle Reynolds*, *Mary Sue Clowny*, and *Fay Sellers* are housewives of very successful businessmen.

Randy Perry and *Gloria Reynolds* are teaching at our own Alma Mater, while their husbands are working at the Manhattan Shirt Company. *Elmer Fuller* has become the head of the Agriculture Department at Winnsboro High.

Kenny McLendon has established a chain of stores, "McLendon's Open Air Market." Kenny has a way with food markets!

Terry Hegler and *David Albert* have brought the Procter's Shoe Store, and are now selling Burgandy weejuns. *Jack Mincey*, *Bill Johnson*, and *Thomas Mattox* are their most progressive salesmen.

Dora Banks and *Patsy Mathis* are married to two of Ridgeway's Town Councilmen.

Wayne Mixon, President of the Coca Cola Company, has introduced an uncarbonated coke for the United States Olympic relay team composed of *Jackie McGuirt*, *Ray Peake*, and *Sammy Allen*.

Sally Ramsey, *Pauline Lucas*, and *Jean Mattox* have chipped in together and bought the ocean liner, *Queen Mary*. They are going on a trip to the South Pole to get some aged ice for a party they are having. This party is in honor of *Libby Tanner*, who has broken the world's speed record for typing.

Harold Kinley, *Bobby Curlee*, and *Harold Keever* are managers of the Atonic Space Plant at Parr.

Haberdasher, *Nick Propst*, has taken time off from his work to go to Africa on a safari and shoot elephants with his new ray gun.

William Branham is now racing in the "Darlington 500". He has taken "Fireball Roberts" place.

Billy Clarkson and *Tom Sprott*, two great Trigonometry Professors at Yale, have written a book called "How to Have Fun in Trig Class." This book will be particularly helpful to all rising seniors planning to take Trig.

Jane Dinkins, *Faye Pearke*, and *Judy Faye Weed* have finally completed their flying saucer, "The Moon Pie", and are planning to go to the Moon. They are taking along *Amy Eargle*, famous language teacher, in case they might run into some Mooners there.

Archeologist, *Thurman Pullen* and his secretary *Norma Jean Hubbard*, have uncovered the Colossus of Rhodes and they are planning to put a reproduction of it in New York Harbor.

Glen Taylor has just swum the Atlantic Ocean breaking a new record. Next week, she plans to swim the Pacific. Good Luck, Glen!

Colonels *John Stewart* and *Tim Clark* have just returned from a trip to Cuba where they have set up a new form of government. We feel that this government will operate smoothly because *Annie Ruth Brown* and *Hermanette Raley* are assisting them.

Annette Dove, *Patsy Smith*, and *Ernestine Goldman* are editors of *McCalls Magazine*. They are remarkably successful which is particularly due to the fact that *Tina Jean Cathcart* is the style coordinator.

Jeannie Dove and *Carolyn Cathcart* now operate the Women's Shop, which covers two and one-half blocks in New York. Their best seller is Madras rain coats.

As always, all good things must come to an end. I must get back to my swimming and Tommy has a Trig exam to give tomorrow.

Snapshots

Presenting the ten semi-finalists.

The Winnsboro Granite Company has been in operation since the days of the Civil War. During that time it has brought prosperity and industry to Fairfield County.

The deposit is estimated to be one hundred-twenty billion tons and covers an area of five thousand acres. Granite coming from this deposit is shipped throughout the United States and serves as a major source in the southeastern part of the United States.

The Winnsboro Granite Company is an asset to our county and the pride of the citizens of Fairfield County.
